Planning Guidance – For the bride that wants that extra comfort of having a planner along the way to help them make major decisions and create unique design aspects.

Synopsis: You have the planning down, but just need a little bit of guidance along the way, with a professional's opinion. Assisting you with the selection of great vendors, guiding you into creating an elegant and romantic design element, helping you make difficult decisions along the way, as well as directing and coordinating every intricate detail of your special day, these are just a few of the services we offer with the White Gold Package. Any errands or last minute details that may arise during the week of your wedding day will be taken care of for you by LGBD. On your actual wedding day every aspect will be thoroughly coordinated and planned out to make sure that there are little to no trouble shooting issues that arise. We will be there for you and your fiancé from the very beginning of first ideas for some extra on-call help, until the last champagne glass leaves the table.
